Public Water System Supervision Program Revision for the State of Wisconsin

AGENCY: Environmental Protection Agency.

ACTION: Notice.

SUMMARY: Notice is hereby given in accordance with the provision of § 1413 of the Safe Drinking Water Act, as amended, 42 U.S.C. 300f et seq., and 40 CFR part 142, subpart B, the National Primary Drinking Water Regulations (NPDWR), that the State of Wisconsin is revising its approved Public Water System Supervision (PWSS) primacy program. The Wisconsin Department of Natural Resources (WDNR) adopted drinking water regulations for 18 synthetic organic chemicals (SOCs), and 5 inorganic chemicals (IOCs), that correspond to the NPDWR for SOCs and IOCs, promulgated by the U.S. Environmental Protection Agency (U.S. EPA) on July 17, 1992 (57 FR 31776-31849). The U.S. EPA has completed its review of Wisconsin's PWSS primacy program revision and has determined that the State program revision is no less stringent than the corresponding Federal regulations.

The U.S. EPA has determined that the Wisconsin rule revision meets the requirements of the Federal rule. Therefore, the U.S. EPA is proposing to approve the WDNR's rule revision. All interested parties are invited to submit written comments on this proposed

determination, and may request a public hearing on or before May 15, 1995. If a public hearing is requested and granted, the determination shall not become effective until such time following the hearing, at which the Regional Administrator issues an order affirming or rescinding this action. Frivolous or insubstantial requests for a hearing may be denied by the Regional Administrator.

Requests for public hearing should be addressed to: Miguel A. Del Toral, (WD-17J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

Any request for a public hearing shall include the following: (1) The name, address, and telephone number of the individual, organization, or other entity requesting a hearing. (2) A brief statement of the requesting person's interest in the Regional Administrator's determinations and of information that the requesting person intends to submit at such hearing. (3) The signature of the individual making the request; or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

Notice of any hearing shall be given not less than fifteen (15) days prior to the time scheduled for the hearing. Such notice will be made by the Regional Administrator in the Federal Register and in newspapers of general circulation in the State of Wisconsin. A notice will be sent to the person(s) requesting the hearing as well as to the State of Wisconsin. The hearing notice will include a statement of purpose, information regarding the time and location, and the address and telephone number where interested persons may obtain further information. The Regional Administrator will issue an order affirming or rescinding his determination upon review of the hearing record. Should the determination be affirmed, it will become effective as of the date of the order.

Should no timely and appropriate request for a hearing be received, and should the Regional Administrator not elect to hold a hearing on his own motion, these determinations shall become effective on May 15, 1995. Please bring this notice to the attention of any persons known by you to have an interest in these determinations.

All documents related to these determinations are available for inspection between the hours of 8:30 a.m. and 4:30 p.m., Monday through Friday, at the following offices: Wisconsin Department of Natural Resources, Bureau of Water Supply,

other things, local exchange carriers
(LECs) providing video dialtone service
to notify the Chief of the Common

Copies of this submission may be
purchased from the Commission's copy
contractor, International Transcription
Service, Inc., 2100 M Street, N.W., Suite
140, Washington, DC 20037, (202) 857-

Please note: On February 25, 1994
The Commission issued a Final Rule
(contained in the First Report and Order
to PP Docket 93-253) implementing
Section 309(1) of the Communications
Act—Competitive Bidding. This rule
requires that an application for
voluntary transfer of control or
assignment under §§ 1.924, 21.38, 22.39,
90.153, 94.47, and 95.821 where the
license was acquired by the transferor or
assignor through a system of random

selection shall together with its
application for transfer of control or
assignment, file with the Commission
the associated contracts for sale, option
agreements, management agreements, or
other documents disclosing the
consideration that the applicant would
receive in return for the transfer or
assignment of its license. This
information should include not only a
monetary purchase price, but also any
future, contingent, inkind, or other
consideration (e.g., management or
consulting contracts either with or
without an option to purchase; below-
market financing). These limited
reporting requirements will enable the
Commission to evaluate whether further
restrictions are needed.

At that time the Commission
determined the new or modified
information collection and/or record
retention requirements imposed by this
Rule were not subject to the Paperwork
Reduction Act of 1980 44 U.S.C. 3501-
3520. Upon further evaluation, the
Commission is now requesting
expedited OMB review of this item by
April 18, 1995, under the provisions of
5 CFR 1320.18.

profit.

Frequency of Response: On occasion.

Estimated Annual Burden: 1,100

use the information to determine
whether the public interest would be
served by granting a transfer of
control or an assignment of a license
awarded through lottery procedures.

The foregoing estimates include the
